welcome to grace farms

Grace Farms provides a meaningful space for people of all ages, experiences, and interests to gather, collaborate for good, and pursue a more peaceful world.

With daily on-site activities, engaging exhibits and art installations, and programming rooted in our Foundation's work to support food equity, inclusive communities, environmental sustainability, and the prevention of forced labor and human trafficking, every visitor has an opportunity to take part in our work to advance good in the world.

This season, we invite you to learn about toxin-free landscaping with our Nature Initiative, consider the subject of time with our Arts Initiative, explore the shape of flourishing life with our Faith Initiative, discover how we are disrupting gender-based violence with our Justice Initiative, and link arms with our Community Initiative to create a more equitable world.

Join us!

For the most updated information about these and other programs, and to register early to secure your space, visit gracefarms.org/calendar

Please note that COVID-19 safety measures will be observed. To review our current policies, go to gracefarms.org/visit

plan your visit

Start your visit at the Welcome Center, located in the West Barn. There you will connect with our Visitor Experience Team and learn about daily programs and events. You will also find information about future events and new outcomes happening at the intersection of our initiatives: nature, arts, justice, community, faith, and Design for Freedom.

Grace Farms is free and open to the public. To make the most of your time at Grace Farms, visitors are encouraged to register in advance through our website at gracefarms.org/visit. Members are invited to visit us without advanced registration.

Membership

Grace Farms Members enjoy special access to our site, experiential activities, and thought-provoking programs – and the opportunity to be a part of our mission to pursue a more peaceful world.

Learn more about our membership program and benefits on page 39 or visit gracefarms.org/membership.

daily activities and experiences

Interactive on-site programs exploring topics like sustainable design, food equity, and ethical supply chains offer an opportunity for visitors of all ages to learn about pressing humanitarian issues and engage with our work. Below are select programs you may encounter this spring and summer. Visit the Welcome Center in the West Barn for more information about what is offered on the day of your visit.

Imagination Playground

Discover the positive impact of play! This innovative playground system, originally designed by Rockwell Group, features large-scale, lightweight blocks that encourage curiosity-driven learning, social development, movement, and above all fun. Recommended for families with children ages three and older.

Room with an Equal View

Explore the Sanctuary's extraordinary features and discover how intentional design creates a purposeful connection and collaboration between audiences, presenters, and nature.

Architectural Elements | Timber

Examine different types of wood found in the trees in our landscape, and the wood used in the River building. Bridging the divide between nature and the built environment, make connections between source materials and end products, learn about the considerations that go into building design, and learn about Design for Freedom and its role addressing forced labor in the global materials supply chain.

Follow the Food

In honor of World Hunger Day in May, learn about the history of farming on Grace Farms' site. Visitors will share observations of the blossoming apple orchard, sparking a conversation about the Community Initiative's work on food security and creating a more equitable food system.

Gardening Below Ground

Healthy soil yields food with higher nutritional value. Explore the Community Garden to discover how we utilize regenerative agricultural practices like planting cover crops, composting, and companion plantings that build healthier soil.

For more information about daily activities, please call 203-920-1702, or see our Visitor Experience Team in the West Barn Welcome Center.

Peace Forest Exhibit

West Barn

What is Grace Farms and how does Grace Farms Foundation advance good in the world? An immersive installation inspired by nature, *Peace Forest* offers visitors an interactive experience highlighting how the landscape, architecture, and people at Grace Farms are part of the Foundation's mission.

Pedestals made with ethically-sourced steel and wood repurposed from the site gently sway when touched and feature text, objects, and archival photos. A video installation and a map of Grace Farms highlight offerings each day.

The installation is curated by Grace Farms Foundation Creative Director **Chelsea Thatcher**, and designed by **Peter Miller (Palette Architecture)** and **Shohei Yoshida (shohei yoshida + associates / SYA)**, members of the architectural team of the award-winning SANAA-designed River building at Grace Farms, with the graphics designed by **Pentagram**.

Common Good Through Crisis Exhibit with MASS Design Group

East Barn | on view through February 2023

Common Good Through Crisis considers the relationships and connections that inspired Grace Farms Foundation's efforts to provide **2 million critical PPE** to frontline healthcare workers and tens of thousands of nutritious meals to our neighbors in need. Grace Farms Foundation's work to close the PPE gap was furthered by collaboration with the State of Connecticut, the Town of New Canaan, and many other municipalities, hospitals, healthcare organizations, not-for-profits, and individuals.

The immersive installation, which includes an area for children to engage with the exhibit, weaves individual stories to a fabric of interconnectedness. It poses the question about the urgency and the power of continuing to act for the common good, not just in times of crisis.

Common Good Through Crisis is designed by **MASS Design Group**, a not-for-profit design firm advocating for architecture that promotes justice and human dignity and winner of the 2022 AIA Architecture Firm Award, with Eddie Opara and his team at **Pentagram**.

design for freedom pilot projects

Design for Freedom Pilot Projects are new structures that provide material transparency and prioritize ethical procurement. These projects, along with the first Design for Freedom Summit held at Grace Farms on March 31, raise awareness of forced labor in the building materials supply chain and demonstrate that it is possible to create a more humane built environment together. We anticipate more than 1 million people will encounter them.

Earth Equity and Design for Freedom Landscapes Forum

Thursday, May 26 | 10 am - 4 pm
(Registration begins at 9:00 am)

Join Grace Farms Foundation, Edwina von Gal, an East Hampton-based landscape designer and founder of the Perfect Earth Project, and the Connecticut Chapter of the American Society of Landscape Architects for a convening to renew commitments to human rights and sustainable ecosystems in landscape design and land care.

This full-day event will feature panels, tours, walks, lunch and breakout discussions with tools for establishing a new paradigm to create biodiversity-positive, nature-based solutions in our landscapes, installed with sustainable materials free of forced labor and child labor.

Here is a preview of the day's events (with more to come):

- Join guided walking tours with Dennis McGlade and Eve Kootchick of Olin Studio and learn about the landscape design vision and restored native meadows at Grace Farms.
- Hear from Warrie Price, Founder and President of The Battery Conservancy, about the conservancy's model commitment to chemical-free and sustainable ecosystems throughout its vast perennial gardens, lawns, urban farm, bike paths, and harbor vistas.
- Learn about forced labor associated with common material choices in the built environment from Luciana Varkulja, architect and urban designer from São Paulo, Stony Creek Quarry, and more.
- Hear from speakers including James and Hayes Slade, of Slade Architecture, and others.
- Explore techniques you can put into practice immediately for native, pollinator, and pesticide-free landscaping with Edwina von Gal.
- Close with a garden tea in the orchard of the SANAA-designed Plaza.

special programming: fostering inclusive communities

Grace Farms is committed to creating and making space for inclusive, collaborative, and meaningful community building with engaging leaders and timely programming. This past February, this commitment inspired us to invite American civil rights icon Ruby Bridges for a conversation about her life that engaged more than 5,000 members of our community.

Our Community Initiative seeks to foster communities that are civil, flourishing, and inclusive of all – with the goal of generating thought and action towards sustained social impact.

Building an Inclusive Community

This spring, we worked with REthinc, an interracial consulting group focused on building inclusive, equitable organizations in the public and private sectors, to host a series of training sessions for parents and coaches interested in teaching children about the importance of inclusion.

Inclusive Leaders of the Future

Applications available July 1; due September 1

Inspired by civil rights icon Ruby Bridges' belief that change will come from our youth, Grace Farms Foundation is launching *Inclusive Leaders of the Future*, a year-long experiential cohort for youth. The cohort will come together for a series of curated activities and experiences to foster equity and embrace diversity. Together with experts, participants will develop skills and strategies to live their values, speak up for others, and stand up for inclusion.

The Commons

Tuesday to Saturday 10 am - 3 pm, Sunday 12 - 3 pm,
with drinks and snacks available until 5 pm

The Commons is a community gathering place, with our communal tables built from trees harvested on site. Our sofas and fireplace offer additional spaces in which to take in the expansive views while enjoying food and beverages from our Commons menu.

The Library

Featuring a selection of publications that inform the work of our initiatives – nature, arts, justice, community, faith, and Design for Freedom – our library offers titles for browsing on site or for purchase. With deep leather seating, a glass-enclosed conference room, and a cozy fireplace area, this 4,550-square-foot space is ideal for conversation and engagement.

The Sanctuary

Our 20,900-square-foot Sanctuary is an indoor amphitheater that welcomes up to 700 visitors, offering each an equal and unique perspective. In addition to lectures and programs, this space is ideally suited for quiet time and reflection, with calming views of nature and wildlife.

The Pavilion

Tuesday to Friday 3 - 5 pm,
Saturday 11 am - 5 pm and Sunday 12 - 5 pm

Enjoy quiet conversation and tea in Grace Farms' Pavilion with a 360-degree panorama of our 80-acre preserve. To learn more about the Pavilion and updated tea service offerings, visit gracefarms.org.

The Court

Drop in for activities that families and individuals of all ages can enjoy! From basketball and badminton on the court, to board games and puzzles on the mezzanine, to our Imagination Playground, we provide ongoing opportunities to activate your mind and body and engage with the community.

Activities are subject to change.

grace farms foundation

In addition to these highlighted programs, Grace Farms Foundation invites individuals, not-for-profit organizations, and government entities to come together to collaborate for good throughout the year. The Foundation provides a porous platform to experience nature, encounter the arts, pursue justice, foster community, and explore faith. Our programs, which apply our own scholarship in addition to global partnership insights, become more profound when they intersect through Grace Farms. This often leads to unprecedented new outcomes.

Nature

We facilitate the stewardship of our natural world through restoration, exploration, and preservation, offering more than 30 weeks of multigenerational programming, and collaborating with other initiatives such as Justice, to protect endangered species and wildlife at a local and international level.

Arts

The Arts Initiative at Grace Farms demonstrates our integrative vision and a dynamic interplay between people, architecture, and landscape. We develop and present new, collaborative, and site-responsive programming at the intersection of the visual, literary, and performing arts by convening artists and practitioners across disciplines to explore complex subjects through an inquiry-based approach.

Justice

Our commitment to justice is based on the inherent right of liberty and equality for all. We leverage our law enforcement expertise, capacity-building across local, national, and global justice systems, and our unique interdisciplinary approach, in order to disrupt modern slavery, gender-based violence, and environmental crimes.

Community

We provide a warm, welcoming environment that fosters meaningful community among diverse groups of people. Grace Farms provides an essential platform for our work to foster inclusive communities by addressing food equity, gender equity, and racial equity. The Community Initiative offers programmatic gathering spaces, self-directed recreational and social activities, and opportunities for diverse audiences across sectors to forge new relationships and ideas, and advance good in the world.

Faith

We offer opportunities for dialogue and reflection to explore the nature of flourishing and purposeful life through workshops with various faith leaders and educators engaging the world's great traditions.

Design for Freedom

Design for Freedom reimagines architecture by raising awareness and inspiring responses to disrupt forced labor in the building materials supply chain. Visit designforfreedom.org.
